

HFW Train - First 10 Words

Suitable age: Preschool up

Format: PDF

Pages: 6

Colour/Black and White: Colour

This train and its ten carriages has been designed to give children practice at the ten most common high frequency words.

This resource should be displayed on the wall. The train and its carriages are all individual pieces so that you can make the resource fit into the wall space you have available.

If you are working with a group of children you can write the names of the children who need to learn these words onto the train with a black whiteboard marker.

Once a child can fluently say all of the words they should move onto the next set of words.

Flashcards have also been supplied so that children can get more practice at the train words, but in random order.
